### Cryptocurrency Top Up Disclaimer

Please note that the cryptocurrency top up exchange rate will be updated every half an hour (30 mins) when the time stamp is at exactly 00 mins or 30 mins. Only deposits received before the system exchange rate adjustment (ie. before 29 mins or 59 mins) will be calculated based on the exchange rate at the time.

\*\*The exchange rate will be calculated based on the exact time when the company actually receives the top up amount.

Example: Member A checks the crypto exchange rate being at 1:1 at 4 pm and if their top up amount is received by the company at or before 4:29 pm. their crypto exchange rate will be calculated according to the exchange rate at that time. However, if the company receives the top up amount at or after 4:30 pm, the member's top up amount will be calculated based on the updated exchange rate at 4:30 pm.
